ACI AIRPORTS COUNCIL INTERNATIONAL

ACI Global Training
Instructor Biography

Paul Van den Eynden
Airports Council International (ACI)
Course: Safety Management Systems

Paul Van den Eynden has been active in the airport industry since 1985. He worked for Transport Canada both in the Quebec Region and at the Montreal International Airport in safety related positions and did course development and delivery of the Airport Safety Certification Program for Transport Canada Headquarters.

Paul has a Master's degree in Translation from the University of Antwerp and a Bachelor's degree in Social Science from the University of Montreal. He is a member of the International Association of Airport Executives (Canada) and was formerly the Vice-chair of the ACI World Operational Safety Sub-Committee.

Mr. Van den Eynden has extensive experience in airport safety, Safety Management Systems, Emergency Preparedness, airport safety audits and other related fields. He previously was the Director, Safety Management Systems at the Calgary International Airport.

He joined the Airports Council International in April 2008 as Senior Manager, Airport Safety and Operations and is based in Montreal. Paul represents the voice of the world's airports at ICAO, IATA, FSF and other international organizations.

Paul is a strong believer in a comprehensive and pro-active approach to safety, as well as in the active involvement of the airport community in collaborative decision making.
